

HERE'S A BABY Its Mother is Well.

The baby is healthy because during the period of gestation its mother used the popular and purely vegetable liniment,

Mother's Friend

Mother's Friend is a soothing, softening, relaxing liniment, a muscle maker, invigorator and freshener. It puts new power into the back and hips of a coming mother. It is applied externally only, there is no dosing and swallowing of nasty drugs, no inward treatment at all.

The state of the mother during gestation may influence the disposition and future of the child; that is one reason why mothers should watch their condition and avoid pain. Her health, that of the child and their lives, depend on keeping free from pain, worry and melancholy. Be of good cheer, strong of heart and peaceful mind. **Mother's Friend** can and will make you so. Bearing down pains, morning sickness, sore breast and insomnia are all relieved by this wonderful remedy. Of druggists at \$1.00 per bottle. Send for our book "Motherhood" free.

THE BRADFORD REGULATOR CO., ATLANTA, GA.

SUES THE COUNTY.

DR. FRANK BOYD INSTITUTES PROCEEDINGS FOR FULL AMOUNT.

Dr. Frank Boyd in circuit court yesterday afternoon late filed suit against the county for \$900 claimed to be due for services as county health officer during the recent smallpox. This suit is the culmination of the smallpox trouble between county officials. The bill was presented to fiscal court, and although finally a compromise of something over \$400 was offered by Dr. Boyd, the magistrates refused to allow it. He has now filed suit for the amount, and, judging from past decisions of courts, both circuit and appellate, the county will have to pay the whole bill, costs and all.

THE GUN CLUB.

A LIVELY SHOOT YESTERDAY AFTERNOON.

The match between Messrs Tom Sanders and Robert Rivers did not come off yesterday afternoon at the Gun club grounds because of Dr. Rivers' injury in the street car accident. There was a 25 live bird event, however, in which E. Brady of Union City, Tenn., killed 24, Tom Sanders and Henry Arenz 22, and Dr. Hansbro 21. The target matches were also interesting.

Assistant General Manager Harahan Passes Through.

Inspecting Damage From the Floods—
A New Time Card.

W. J. Harahan, assistant general manager of the I. C., and Mr. H. U. Wallace, chief engineer of the I. C., passed through the city yesterday afternoon en route south from Louisville.

Mr. Harahan arrived on the Louisville and Memphis accommodation at 3:37 and remained in the city until 7:10 when he left on train No. 101 for the south. Mr. Wallace passed straight through on the accommodation. They are on a regular tour of inspection learning the damage done by the recent high water.

Tomorrow a new time card will go into effect on the Memphis division of the I. C., but no trains running into Paducah will be seriously affected. Several freight train schedules will be slightly changed but no passenger runs changed.

Mr. O. M. Dunn, assistant general manager of southern lines of the I. C., has returned south after a business trip to the city.

GOOD ENGLISH

THIS IS WHAT PRESIDENT ROOSEVELT ONCE SAID OF "SPIT."

New York, April 11—In a statement given out by Commissioner Lederle, of the board of health, it is set forth that letters have been received objecting to the use of the word "Spit" in the board of health ordinance, and asking that the word "expectorate" be substituted. In this connection Commissioner Lederle makes public a letter received by the health department from Theodore Roosevelt, when the latter was police commissioner, asking that the word "spit" be used instead of "expectorate." The letter follows:

"Police Headquarters,
"New York, March 21, 1903.
"The Hon. Charles E. Wilson, President Health Board:
"Dear President Wilson—Can't you have our form of notice changed so as to read 'spit' instead of 'expectorate'? Expectorate is a vile word and the health board ought to use good English.

"Signed:
"THEODORE ROOSEVELT."
"SMALL NEWSPAPER."

AND IT IS GOTTEN UP BY SMALL BOYS.

Union City, Tenn., April 11—Probably the smallest newspaper in the United States is the Gratz Park News, published weekly at Lexington, Ky., with one editor-in-chief and nine assistants, none of them being over nine years of age; and the paper has been commented on by the press of this country and Europe. One of the assistant editors, Goodloe McDowell, is a great grandson of Henry Clay, while two others, Irving and Ed McClure, are cousins of Assistant Postmaster J. D. E. Boaz of this city. The editor-in-chief is Brownell Berryman, and his other associates are Fred Leonard, Russell des Gognets, Lucian Fishback, Eddie Morgan, James W. Craig and Winston Skillman. While the paper is but 3 1/4 by 4 3/4 inches folio, it has a number of personal and news notes, six local advertisements and a six line poem. "Peach Blossoms," by James W. Craig, one of the assistants.

GENERAL CONFERENCE.

LOUISVILLE METHODISTS TO MAKE A STRONG PULL FOR IT.

The Methodists of Louisville are preparing to make a strong effort to secure for that city the next meeting of the general conference of the Methodist Episcopal church, South, which will be held in May, 1906. The commission of five members appointed at the last conference to decide the matter will meet next month in Nashville, Tenn., and a delegation will attend and present an invitation on behalf of the city.

She Tells Us of the New and Happy Life She Derived From the Use of

Paine's Celery Compound

Paine's Celery Compound, so vastly superior as a spring medicine to all other known remedies in pill and liquid form, and so remarkable in its power over disease, has no equal in the world as a spring nerve food, blood cleanser and system fortifier. At this season, when the majority of people feel the necessity of a tonic for the weakened system and a regulator for the nerves and digestive apparatus,

MRS. MANUEL BARRANCO.

Paine's Celery Compound is the one preparation indorsed by the ablest physicians for spring renovating and recuperating. In severe cases of persistent headaches, nervous prostration, neuralgia, rheumatism, dyspepsia, kidney and liver troubles and female irregularities Paine's Celery Compound has a record of wondrous and lasting cures in every city of this great land. The honest use of the Compound for the next two or three weeks will guarantee improved appetite, sound digestion, sweet sleep, nerve power and a condition of health that will make you happy during the coming summer. Mrs. Manuel Barranco, Havana, Cuba, says:

"For some time I suffered terrible agonies, and I was in a critical condition. Insomnia, nervousness, deranged digestion and general weakness brought me near the grave. After medical skill failed I was advised to use Paine's Celery Compound. I am happy to report that after using your precious Compound for two weeks my insomnia was banished, and I rapidly began to regain health and strength. I am now in full enjoyment of new life, vigor and happiness. Paine's Celery Compound is worthy of all praise."

NOTHING DOING

KENTUCKY MILITIA WILL NOT ATTEND THE DEDICATION.

Frankfort dispatches state that Gov. Beckham has called off the proposed trip of Kentucky militia to the St. Louis exposition. The reason is that the transportation would be too costly and that too many companies would be disappointed in not being the fortunate ones selected to make the trip.

TOTAL ECLIPSE

The Moon Will Go Into the Shadow Tonight.

The Phenomenon Will Only Be Partially Visible, However

The moon will be in almost total eclipse this evening, but the conditions are such that only a small portion of the eclipse will be visible here, and, indeed, there is good reason for doubt that it will be seen here at all. The eclipse will begin before the moon rises above the horizon, and after it does rise there will still be sufficient daylight to take away the effect of the shadow on the face of the moon.

The eclipse will be practically total, ninety-seven and three-tenths of the surface being immersed in the shadow. By the time the moon has risen above the horizon and becomes visible it will be well out of the shadow, and were not the fact announced in advance few would ever guess that an eclipse was in progress. The sun does not act until exactly four minutes after the appearance of the moon, and before the lunar body is well up in the heavens so that it may be seen the shadow will have passed completely over its face.

An interesting point in connection with the eclipse is that the moon is the Paschal moon, that is, the one that determines Easter day. Easter is one of the movable feasts of the church and comes on the first Sunday after the first full moon after March 21. Tonight the first full moon after the beginning of spring will rise and tomorrow being the first Sunday after becomes Easter day.

GOES SOUTH.

"DUTCH CHARLIE" WAS DISAP- POINTED IN MAYFIELD THIS WEEK.

"Dutch Charlie," the hot waffle man, arrived from Mayfield yesterday afternoon where he had gone to work the carnival that failed to show up. Charlie went down last Sunday and expected to do a land office business but was sadly disappointed. He stated that the entire carnival outfit was wrecked on the M. and O. road and everything hopelessly damaged. This is the reason the carnival failed to arrive. It required several days to learn the exact cause of the delay, but the carnival promoters were finally notified of the wreck and announced the fact as soon as the news was received. "Dutch Charlie" left this morning for Murfreesboro, Tenn., where he will remain through the street fair. He will go to Knoxville and other Tennessee cities to work fairs, returning to this city in time to attend the carnival.

Irregularity and Nervousness

This Testimony of 1,500,000 Cured Women Confirmed by
MRS. EMILIE DANFORTH, 233 Thirty-Second Street, Chicago,
Vice-President Woman's Indian Association.

CHICAGO, ILL., Sept. 29, 1903.

I feel it my duty to let my afflicted sisters know of the potency of Wine of Cardui for female troubles. It takes the place of a doctor in my family. I have had experience with different kinds of medicine but nothing I ever saw or heard of would compare with your medicine. It is an ideal home medicine and when doctors fail Wine of Cardui will cure. It cured me of irregularities and nervousness when I felt as if nothing I did would help me. People don't sympathize with those suffering with unstrung nerves. I want to thank you most heartily for what Wine of Cardui has done for me and mine. I am in perfect health now and it is all due to your medicine which is certainly without an equal.

Emilie Danforth

It is women's nature to be patient. A nervous, irritable woman is always sick. The scolding of the housewife is generally the cry of distress of some suffering mother, racked with unstrung nerves caused by irregular menstruation, bearing down pains or some other form of female weakness that is making her not herself. Household cares never wring from the heart the cry of anguish that the torture of bearing down pains do.

It is female weakness that is killing so many mothers. It is sad to see sweet tempered and loving mothers becoming haggard, sickly, cross and nervous unlovely creatures when even their nearest relatives and dearest friends never know enough of the truth to give sympathy.

People do not understand female weakness and its power to crush a woman's life. Mrs. Danforth knows about it and she wrote this letter to show sick, tired, nervous and worn out women the way to health.

She has shown you that Wine of Cardui is the best and surest medicine to take to secure health. You owe it to your family and friends to secure health. You can have health by taking Wine of Cardui. Why not begin now? There is no better time. There is no surer way. Wine of Cardui imparts health and strength to the female organism. This relieves the nerves of strain and tension. This medicine eliminates bearing down pains. It banishes the last traces of irritation of the membranes and maintains regularity in the menstrual flow.
